

FIREWALL

Certificate

Presented this 16th day of January 2023 to

H3C Security Technologies Co., Ltd.

H3C SecPath Firewall Family

ICSA Labs is pleased to announce that the family of products named above retained certification following rigorous and thorough testing in the ICSA Labs Firewall Certification Testing Program.

A model from the family was recently tested against the requirements in version 4.2 of the ICSA Labs Corporate Firewall Testing Criteria.

At least one model from the family named above remains continuously deployed at ICSA Labs where it may be subjected to ongoing testing.

Darren Hartman

Darren Hartman, General Manager, ICSA Labs

Barring decertification during continued testing, this certificate is valid through January 15, 2024

Certificate number: 191007R02
